Lynfield College

We are here

## Our Classes

Daytime Adult Language classes for speakers of other languages from Survival to Advanced learners.

*For Citizens, Long-time or recent permanent Residents, refugees and those on Guardianship visas for children who attend Lynfield College (must be 20 years or older).*

These successful classes have been operating since 1988.

Our teachers are professionally trained, patient and caring.

All classes are working towards the National Certificate of Educational Achievement.

Opportunities for more advanced learners to do senior mainstream subjects in the college, the MYOB business course and NCEA unit standards. All students have option choices to equip them for life in New Zealand. We organise regular trips to places of cultural and general interest. We provide opportunities to make lasting friendships.

*Adult students happily engaged in their learning*
