Dear Parents/Caregivers

Thank you to the many parents and caregivers who attended the student progress conferences held during the past two weeks. 2,972 interview bookings were made over the two evenings, which ensured that valuable feedback on students' progress was gained by parents and teaching staff. Over the next two weeks senior students should follow through on any advice and revision guidelines recommended by their teachers to ensure success in the senior exams which begin in Week 8 of this term.

Many parents and students also took this opportunity to gain further information and advice on course selection for 2016. All Year 10 – 12 students have now been issued with the 2016 Senior Course Information booklet. Students who were absent at the time these booklets were distributed should see their Form Teachers. Please take time to discuss option choices and career paths with your children. It is essential that pages 2 – 7 of this booklet are read very carefully, particularly the course prerequisite and University Entry requirements, before making course selection decisions. Within these introductory pages are listed the school staff who are able to assist you in making these important decisions. A file copy of the Senior Course Information booklet can be opened from the front page of e-LynC or from the Curriculum section of our website.

Year 10 – 12 students are required to hand their completed course selection forms to their Form Teachers by **Monday 17 August**.

Year 9 students have also been issued with their course selection information booklets for Year 10, 2016. Their completed course selection forms should be handed to their Form Teachers by **Monday 24 August**.

Parents are encouraged to enter their child's selections on the Parent Portal. If you have been unable to do this, please indicate that on the form. We are using the two systems simultaneously this year, with the backup of a paper copy.

### **Student Leadership 2016 Elections**

Current Year 11 and Year 12 students who would like to be considered for a leadership position in 2016 have been invited to submit expression of interest forms to Deputy Principal Mrs Clark by Monday 17 August. Electronic speeches are due to Mrs Clark by Monday 24 August and a short-list of applicants will be published on Friday 4 September. Applicants' speeches and electronic voting will take place at the Year 12 and Year 11 assemblies in Week 10. Speeches and voting for house captains will take place at House Meetings in Week 1, Term 4. Positions are announced at the final Year 12 and Year 11 assemblies in Week 4, Term 4.

### **Student Representative, Board of Trustees 2015 - 2016**

Students are invited to nominate themselves or another student to be the Student Representative on the Board of Trustees for 2015 – 2016. The role of the student representative is to provide input to the BOT, based on the perspectives of the students they represent. They can make valuable contributions to decisions that affect the strategic direction of the school.

Nomination forms and additional information will be available from the Returning Officer, Mr Waddington from Tuesday 25 August. Nominations will close at noon on Tuesday 8 September and the election will be held on Tuesday 22 September. Results will be announced Friday 25 September.

Principal

### **NZQA Fees for 2015**

NZQA fee invoices were issued to students at the start of last term, with payment at the College due by the end of the term, 3 July. The deadline was extended to **14 August**.

The College has its own deadlines to meet regarding the sending of the fees collected to NZQA.

Caregivers paying after 14 August must pay NZQA directly using the form available from the College or on the NZQA web site. The College will not accept NZQA fee payments after this date.

Revised invoices have been issued for Scholarship fees (\$30 per subject). Payment of this must also meet the 14 August deadline.

### **Wet lunchtimes – short days**

On days when it is very wet we shorten the lunchtime break by 15 minutes and students are released at 2.55pm. We alert parents/caregivers to this by:

- Using Twitter <https://twitter.com/LynfieldC>
- Email

Parents may also check by phoning our main reception desk on 627 0600 ext 700.

## Student Leader Profile – Assistant Academic Captains

Hi, we're Pyongkang Her and Meryl Saldanha, the Assistant Academic Captains for 2015. It has been an honour to be elected into this position and we are delighted to be working with the rest of the Student executive. Our role within Lynfield College is to promote academic achievement and to celebrate academic success. To achieve these endeavours, we have run a number of academic activities.

We recently held the Junior Quizzex, a quiz competition where teams of four answer questions spanning 8 categories. This event was a great success, with a large turnout of 32 teams of junior students. It was a very rewarding experience, witnessing the junior students enjoying themselves engaging in academic activities. On this note, a big thank you to everyone who helped to make this event a knock out. We hope to experience the same success for the upcoming Senior Quizzex

Also, with the help of Mr Sandu, the 2015 Graphs competition "Build a Skateboard Ramp" is currently in full progress and the contestants will have until 23 September to hand in their projects and be in to win a \$100 iTunes voucher.

With the September exams as well as the final NCEA exams getting closer, the Academic Council in conjunction with Year 13 students, have started the after school tutoring sessions. We are aiming to consistently carry this programme on until the exams, twice weekly at the Library, aiming to help junior students with their studying. We aim to equip them with the knowledge of how to go about maintaining their time prior to exams, study methods as well as basic tutoring with any minor problems that the students may face in their classes and homework.

As the end of the school year approaches, we look forward to working with the Academic Captains to continue raising the profile of academic activities within the school and encourage academic excellence at the College. We would like to wish our fellow students all the best for the future and to take advantage of all the wonderful opportunities provided to them here at Lynfield College.

## Student Digital Safety

Safe use of devices on the internet is an issue for individuals, families and the community including schools. For families the issue is really one of communication and parenting within the home.

- Talk with your child about any concerns you have and why.
- Know what homework is being done on the device. See evidence of it.
- For juniors it would be very unusual for a student to need to be doing homework after 9pm.
- If online activities such as gaming are an issue, turn off the WiFi between certain times.
- Devices used at school need to be charged each night. Don't do this in the bedroom.
- You can always keep the device for times that you think are appropriate.

Netsafe New Zealand provides an outstanding service aimed at keeping people safe on line. Staff at Netsafe are happy to discuss any digital issues with you or will respond to emails.
