

**Confirmation of Home Zone Address**

The Education Act, Section 110A, clearly requires that the address used for Home Zone enrolment must be the permanent address of the student.

If a school learns that a student is no longer living at the Home Zone address given at the time of enrolment, and if the school has reasonable grounds to believe that a temporary Home Zone address has been used for the purpose of unfairly gaining priority in enrolment at the school, then the Board of Trustees may review the enrolment. Unless the parents/caregivers can give a satisfactory explanation within 10 days, the Board may annul the enrolment.

The Ministry of Education has advised that parents/caregivers should be alerted to the possible consequences of knowingly giving a false address or making Home Zone arrangements which they intend to be only temporary. E.g.

- Renting accommodation in the Home Zone on a short-term basis.
- Arranging temporary board in the Home Zone with a relative or family friend.
- Using the Home Zone address of a relative or friend as an “address of convenience” with no intention to live there on an ongoing basis.
