## ***School Donation for 2019: \$190 per Child, or \$270 per Family***

This donation contributes to the purchase of sports equipment, sports uniforms, stocking the library, subsidising music and cultural performances, school trips, school ball, paying for the Yearbook, prizes and ensuring that all sundry items necessary to providing a sound education are available to the students. The Board of Trustees determines this amount annually and approves its use.

Given the importance of the donation in funding these aspects of school life, the Board hopes families will make arrangements to contribute as and when they are able. School donations can be made at the Accounts Office or online. The donation may be claimed as a rebate for income tax purposes.

## ***Course Material Costs***

These charges are appropriate where students keep the material or extend activities beyond the normal resources of the department concerned, e.g. Art, Craft, Technology Food, Technology Metal, Technology Wood, Digital Technology and Photography. Students are issued with material costs in their first week of school and fees are collected in week 2. Statements for any outstanding fees will be emailed home twice per term. Prompt payment is appreciated.

## ***e-Payments***

We encourage all families to pay their course costs and other payments (such as sports fees, itinerant music lessons, course trips, camps and other school outings) online through the Parent Portal at the top of our website home page [www.lynfield.school.nz](http://www.lynfield.school.nz)

Uniform, stationery and course books can be paid through the Shop link at the top of the website home page. Payment is by credit card or direct credit and this secure payment method is a convenient way of making these important payments.

## ***e-Learning at Lynfield College***

e-Learning (learning that is facilitated by ICT) has considerable potential to enable and enhance the learning of our students. The New Zealand Curriculum states that e-Learning may:

- Assist the making of connections by enabling students to enter and explore new learning environments, overcoming barriers of distance and time

- Facilitate shared learning by enabling students to join or create communities of learners that extend well beyond the classroom
- Assist in the creation of supportive learning environments by offering resources that take account of individual, cultural, or developmental differences
- Enhance opportunities to learn by offering students virtual experiences and tools that save them time, allowing them to take their learning further.

### **BYOD**

To enable effective e-Learning to occur, we request all students to 'Bring Your Own Device' to school. This allows students to integrate their learning both inside and outside of school. The device might be a Chromebook, netbook or a laptop – any internet capable device that can assist learning. See over for more details.

### **DIGITAL CITIZENSHIP**

A digital citizen is someone who:

- Is a confident and capable user of ICT
- Uses technologies to participate in educational, cultural, and economic activities
- Uses and develops critical thinking skills in cyberspace
- Is literate in the language, symbols, and texts of digital technologies
- Is aware of ICT challenges and can manage them effectively
- Uses ICT to relate to others in positive, meaningful ways
- Demonstrates honesty and integrity and ethical behaviour in their use of ICT
- Respects the concepts of privacy and freedom of speech in a digital world
- Contributes and actively promotes the values of digital citizenship.

Lynfield College encourages students to conduct themselves online as they would in the real world. This means that the school Code of Conduct applies to both on and offline behaviour. Just as bullying is not acceptable nor is cyber bullying. Where appropriate, subject teachers will teach the students good digital literacy skills as well. These include referencing your work, not infringing copyright laws, etc. Year 9 and 10 Digital Citizenship inquiry projects also give students an opportunity to engage in more meaningful work around the theme of Digital Citizenship.

### **E-LEARNING AGREEMENT**

When you and your child sign the Lynfield College Enrolment Form you are agreeing to comply with the following statement:

1. Any computer/device use must be carried out on the student's personal login
2. Computers are to be used for educational purposes
3. At all times, students will conduct themselves as digital citizens.

## ***Taking Responsibility for General Safety***

It is important that all students are aware of, understand and follow College procedures on matters relating to physical and emotional safety. The safety of everyone depends on each and every one of us taking responsibility for our actions. When you and your child sign the Lynfield College Enrolment Form you are agreeing to comply with the following statement.

### **I AGREE:**

- To respect other people (students, staff, community), their opinions and their property
- To listen to, and behave in accordance with, all safety instructions and safety procedures in all subject/course classes
- To not put myself or others at risk during co-curricular and extra-curricular activities whether at school or off-site
- To follow the emergency evacuation procedures
- To follow the security alert procedures
- To never interfere with any warning system/alarm system/response system at Lynfield College. (*Setting off the alarm system can result in the Fire Brigade responding and a false alarm carries a penalty of up to \$1000*)
- To immediately inform a staff member of any hazards or similar that are a risk to physical safety, when at school or on a school activity
- To not publicise any material which violates the Safe School Policy and/or brings the College, or any member of the College, into disrepute.
