The screenshot shows the NZQA website interface. At the top, the NZQA logo is displayed with the text 'NEW ZEALAND QUALIFICATIONS AUTHORITY' and 'MANA TOHU HĀTAURANGA O AOTEAROA'. Navigation links include 'HOME', 'STUDYING IN NEW ZEALAND', 'QUALIFICATIONS & STANDARDS', 'MĀORI', 'PROVIDERS & PARTNERS', 'ABOUT US', and 'SEARCH'. A search bar is located in the top right corner. The 'QUALIFICATIONS & STANDARDS' menu is open, showing a list of links: 'Qualifications', 'Awards' (highlighted with a red circle), 'Changes to standards and national qualifications', 'Developing and reviewing qualifications at Levels 1-6 on the NZQF', 'Standards', 'Results', 'TEO issue of New Zealand qualification documents', and 'International qualifications'. Below the menu, there are sections for 'News' and 'Circulars'. The 'News' section includes articles such as 'NZQA presentations on digital assessment' (05 May 2015), 'Going Digital' (04 May 2015), 'Report on the implementation of the 2007 NCEA enhancements' (30 April 2015), and 'New App helps NCEA Students' (02 April 2015). The 'Circulars' section includes 'Update\* Consultation on proposed changes to English language requirements for international students' (02 April 2015). On the right side, there is a banner for 'NZQA presents "Going Digital"' and a section for 'NCEA' with links like 'How NCEA works', 'Subjects', 'NCEA Student - set goals & track progress', and 'Information about external exams'. At the bottom, there is a section for 'TERTIARY EDUCATION' with links like 'External evaluation and review (EER)', 'Reviewing and developing qualifications', 'Registration and accreditation', and 'Find an education organisation'.

# What happens in Schol. Prep classes?

**Biology:** Integrate knowledge from different standards with unfamiliar contexts.

**Chemistry:** Critical thinking and scholarship exam techniques.

**Physics:** Discussion of physics concepts and practice of scholarship questions.

**ESS:** Applying L2&3 concepts in new contexts.

**Stats:** Two extra standards are taught, all standards are then reviewed at higher levels and with more in depth contexts.

**Calculus:** An extra standard is taught. All standards are reviewed at higher levels.

**English:** Students learn to demonstrate extensive knowledge of texts and respond critically with mature ideas and independent reflection.

**German, Chinese and Japanese:** Students need a high level of fluency in the target language and need to effectively communicate with perception and insight to create meaning. Appropriate cultural knowledge is also required.

**Media Studies:** Students make connections between the past and current trends/events and use Media theory.

**Classics and History:** Students learn to critically evaluate, referring to a wide range of primary and secondary sources.

**Geography and Economics:** Students need to draw on diagrams and resources provided to write essays. In Economics one extra standard is taught.

**Accounting:** 4 of 5 questions require further study beyond level 3 Accounting.

# **Health and Physical Education Scholarship**

Open to students taking the following courses:

**Physical Education**  
**Health Education**  
**Food and Nutrition**

A research report that presents evidence from a self-selected topic drawn from the Health and PE curriculum.

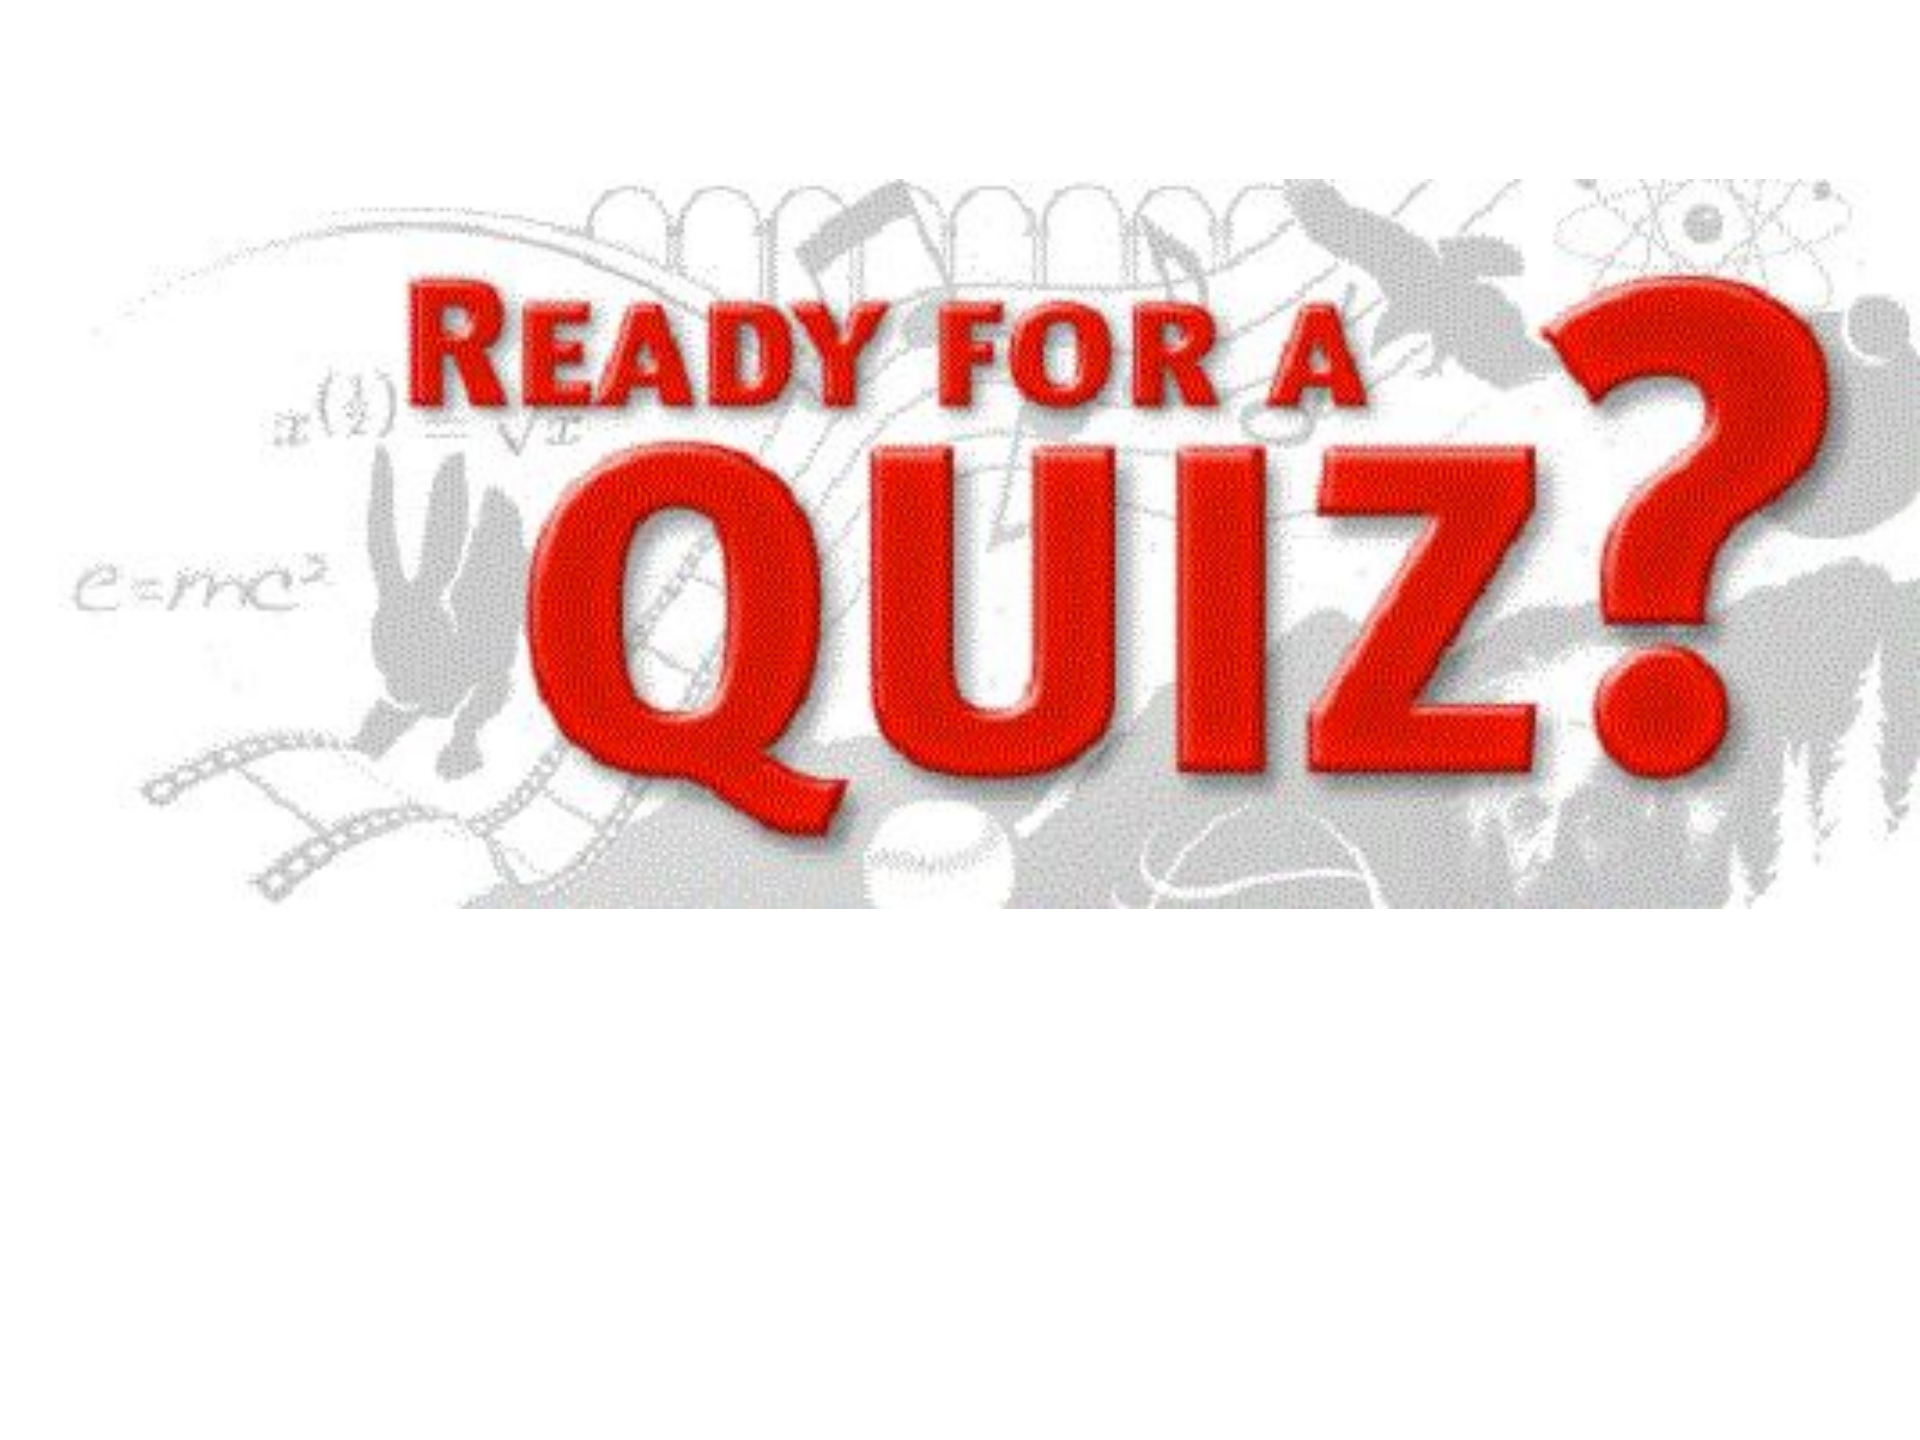

**Drama** (*recorded on camera*) Perform a text-based performance, submit a fully annotated script and present oral analysis AND perform a self-devised piece with a two minute oral analysis.

**Music Scholarship:** Prepare a portfolio of work as a composer or performer or musicologist, write an in-depth critique of the portfolio work and write two analysis essays based on unprepared scores in the exam.

**Visual Arts:** Complete AS 3.4 external examination successfully then submit in-depth, critical documentation of ideas and methods used in folio production, and show extension of these into other media (8 x A3 pages)

**Technology:** Create a portfolio during the year that shows synthesis and integration, critical reflection and justification of practice. This requires dedication! DVC students submit the portfolio, whereas other subjects compose a written report.
